

AIFILTECH · High-Temperature Flue Gas Purification

# AIFILTECH Cylindrical Diesel Generator Exhaust Gas Purifier / Generator Exhaust Purifier Manufacturer

Diesel Exhaust Purification Series

## Overview

The AIFILTECH generator set exhaust purifier is a new-generation water-washable regenerative metal black smoke purifier developed by Guangzhou Tuokai Environmental Protection Technology Co., Ltd. on the basis of independent intellectual property rights. Its core compone...

## Key Advantages

 Purification rate  
**90%**

 Gas processing volume  
**3400m³/h**

 Filter life  
**Washable metal cores**

 Regeneration  
**1-minute water wash**

 Customisation  
**Built to engine model**

## Technical Data

|                              |               |
|------------------------------|---------------|
| Product characteristics      | Metal, washed |
| Processing and customization | Yes           |
| Brand                        | AIFILTECH     |
| Model                        | TPK           |
| Gas processing volume        | 3400m³/h      |
| Purification rate            | 90%           |
| Specifications               | Complete      |

## Applications

Diesel generator sets

Construction machinery

Forklifts

Marine auxiliary engines

Mining equipment

Engine test benches

Emergency power trucks

Tunnel construction
